What Is BestWeb's Telephone Service?

BestWeb's Telephone Service replaces your current local and long-distance telephone service. Since we are a true telephone company, and not just a reseller, we are able to offer you service at a significantly reduced rate. BestWeb service also allows you to continue to utilize your existing PBX or Key System. This combination reduces your monthly and per minute telephone costs, allowing you to continue to receive a return on your previous hardware investment. [\(Packages with telephone systems also available\)](#)

Why BestWeb?

BestWeb Telephone Services Offers Substantial Savings and Outstanding Customer Service

- Radically reduce phone line costs by up to 70%
- No capital expense - maintain your current infrastructure investment
- Free calling between office locations (for multi-site businesses)
- All installation, management, and support is handled by BestWeb, creating a complete solution that requires little effort

Here's What Our Customers Have To Say About Us!

"I couldn't believe how easy the transition was. What an amazing savings!"

Guy Austrian - CEO GAPC

"BestWeb provides us with many levels of excellent service, most importantly their superior customer and technical support. They consistently go the extra mile."

Alex Zagajewski - Putnam ARC
